

Annex 3: Profiles

Aluminium (Al) profiles, EN AW-6060 T66 to EN 755-2:2008 are to be used in the mechanically fixed ETICS with profiles.

The Pull-through resistance of fixings from profiles is ≥ 500 N.

Horizontal profile – "Halteleiste Alu" (dimensions in millimetres)

Vertical connection profile – "Verbindungsleiste Alu" (dimensions in millimetres)
